

OCTOBER 2016 – MAY 2017

The Roundtables provide an informal setting for groups of peers to come together and discuss areas of mutual interest, i.e., practices of other firms, legislation or regulations. Questions and discussion are welcome at any time during the meeting.

Topics to be discussed at each meeting are selected by the group. Facilitated by the Association staff, the interchange may use an invited "expert" or may rely on participant resources.

Roundtable groups meet October through May in the Association's training room, in downtown Muskegon.
